Futurist: Business Trends, Innovation & Leadership Expert

<http://www.kmprod.com/speakers/jim-carroll>

Bio

Speaker Jim Carroll is widely acknowledged as one of the world's leading global futurists and is recognized worldwide as a "thought leader" and authority on: global trends; rapid business model change and industry transformation; business model disruption and the acceleration of market change; global economic trends; and the necessity for fast paced innovation. He is an authority recognized for his deep insight into the cutting edge trends of our time including autonomous vehicle technology, 3D printing, virtual reality, alternative energy generation and storage technologies, the transition to electric battery vehicle technology, genomic medicine, CRISPR and healthcare virtualization, advanced robotics and artificial intelligence, blockchain and virtual cash, machine learning and robotics, crowd-thinking and next generation R&D.

With a massive global Blue Chip client list, over the last 25 years, Jim has shared his insights with more than 2 million people in attendance at his events. He is recognized within the global speaking industry for his **highly customized, heavily researched, industry specific keynotes, leadership presentations and small, intimate senior leadership meetings.** [\[morelink\]](#)
